## Maze: Protect to Proceed

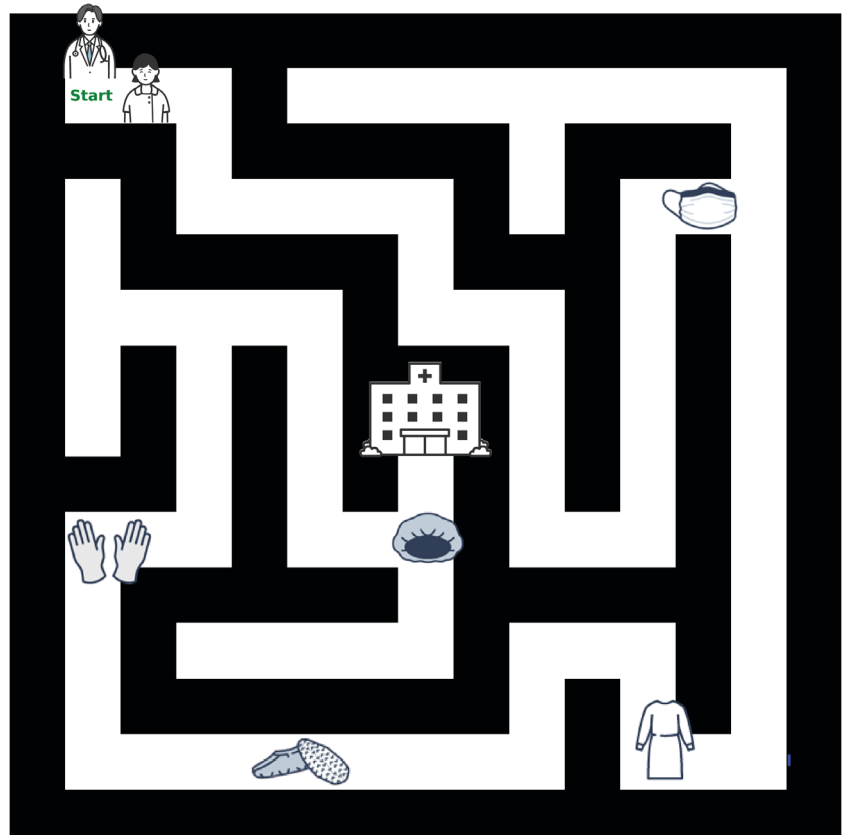

Help the doctor and nurse find their way to the hospital by collecting all their personal protective equipment (PPE) first.

Follow the path through the maze and make sure to stop at each item along the way:

- Mask
- Gloves
- Gown
- Bouffant Cap
- Shoe Covers

Only when they've collected all five PPE items can they safely enter the hospital.

**Pro Tip:** Circle each item when you pass it to make sure you don't miss anything.
